Web Development

Problem Solving

## Profile

I am a dedicated Front-End Developer with a passion for creating responsive and user-friendly web experiences. Currently pursuing a BSc in Mathematics and Computer Science, I combine academic knowledge with practical development skills to build modern web applications. I specialize in HTML, CSS, JavaScript, and React.js development and am always eager to learn new technologies.

## Education

### Jomo Kenyatta University of Agriculture and Technology

BSc. Mathematics and Computer Science

2023 - 2027 (Expected)

## Projects
